

TWINSPOT MINI

The versatile LED Mini Range offers the TS Mini C (Corridor-narrow beam) and the TS Mini OA (Open Area- wide beam) emergency lighting projectors. Simple and effective emergency lighting from attractive high intensity LED projectors. More suitable for areas with aesthetic concerns than conventional Twin Projector floodlights the Mini Range is ideal for a wide range of applications requiring open area and escape lighting. The 2 watt projector heads provide over 110lumens per head and a clever adjustable narrow beam (TS Mini C) or a general wide beam (TS Mini OA). Full photometry is available upon request.

The Mini Range units are supplied with high quality white LEDs and Nickel Metal Hydride (NiMH) batteries.

OPERATION:

The Mini Range of projector luminaires are supplied as standard with maintained operation. The heads are easily adjusted and make the units suitable for ceiling or wall mounting. The self-contained circuit provides charge healthy monitoring for the 2 x 3.6V 1.5Ah Nickel Metal Hydride (NiMH)
