

WEATHEREX

Weatherex is a robust IP65 LED ceiling mounted single or double sided white polycarbonate exit sign. Suitable for surface or semi-recessed installations. Its IP65 rating and optional tamper resistant screws, make the Weatherex a unique single or double sided sign for all public areas.

The Weatherex is supplied complete with two self adhesive legends as standard (please specify) so that the installer can make up either a single or double sided sign. Weatherex may be used for viewing distances up to 28 metres.

Features

- IP65 Exit
- Double sided
- 28 metre viewing distance
